Introduction

The **BorderConnect Software User Guide** focuses on the user interface and features of BorderConnect software. It helps customers familiarize themselves with using the software. [BorderConnect's](#) eManifest software offers an extremely user-friendly web-based solution to comply with eManifest requirements, complete with [24/7 technical support](#).

Getting Started

The screenshot shows a web form titled "Add Trailer". It contains several input fields and dropdown menus: "Trailer Number" (text input), "Terminal" (dropdown menu with "1234 Demo Ave Demoville" selected), "Trailer Type" (dropdown menu with "Semi-truck trailer" selected), "ACE Id" (text input), "License Plate Number" (text input with "AlphaNumeric Only" label), and "License Plate State/Province" (dropdown menu with "Select Option" selected). At the bottom, there are checkboxes for "Required" (checked), "Optional if equipment used for ACE eManifests and preregistered in CBP's ACE Portal", and "Required for ACE and ACI". A "Quick Tutorial" link is also present.

Trailer Details Page

The first step is create profiles for any drivers, trucks and trailers that may be crossing the border. The information in these profiles will be used to complete mandatory fields on your manifests. It is recommended that you enter the profile information ahead of time to facilitate creating eManifests. Please refer to the individual sections for instructions on entering and maintaining:
